

# EGO 765CFM Blower - Includes Two G3 5.0 Ah Batteries & 550w Rapid Charger w/1in Flat Nozzle & 1in Cone Nozzle

REGLB7654-2

## Details

The 765 CFM EGO Power+ Blower includes two G3 5.0Ah batteries and 550W Rapid Charger plus a flat nozzle and cone nozzle. The EGO 765CFM is the world's most powerful handheld blower. With air speeds up to 200 MPH, the newest blower from EGO is over 15% more powerful than any other handheld blower on the market. The speed-control dial allows you to adjust your airspeed from 260 CFM to 580 CFM for ultimate control. Activate turbo mode when you're ready to power through heavy debris including wet leaves, rocks, mud, and snow. The variable speed trigger introduces a redesigned cruise control dial for consistent blowing. All this industry leading power is combined with industry leading run times to get an average run time of 90-minutes when used with the EGO G# 5.0 ARC Lithium Battery. The high-efficiency, brushless motor delivers longer run time, low vibrations and an extended motor life. Turbine fan engineering inspired by advanced aeronautics technology performs better than premium gas-powered models. The included tapered and spread nozzle make cleaning debris in all conditions easy. This quiet, lightweight and compact blower gets the job done faster and quieter than gas!
