

EGO 320w Power+ Charger

REGCH3200

Details

The EGO Power+ 320W charger monitors and controls each cell in the battery pack to control temperature for maximum battery life. With industry leading recharge times, fully recharge a depleted 2.5 Ah battery in just 35 minutes. The active cooling fan system supports rapid charging without overheating. The quick recharge capability ensures limited downtime with any battery in the EGO platform. Please note: This product is restricted from air freight and will only be shipped ground freight.
