

# EGO 765CFM Blower - Bare Tool

REGLB7650

## Details

The 765 CFM EGO POWER+ Blower is the world's most powerful handheld blower. With air speeds up to 200 MPH, the newest blower from EGO is over 15% more powerful than any other handheld blower on the market. The speed-control dial allows you to adjust your airspeed from 260 CFM to 580 CFM for ultimate control. Activate turbo mode when you're ready to power through heavy debris including wet leaves, rocks, mud, and snow. The variable speed trigger introduces a redesigned cruise control dial for consistent blowing. All this industry leading power is combined with industry leading run times; get average run time of 90-minutes when used with the EGO 56V 5.0Ah ARC Lithium battery. The high-efficiency brushless motor delivers longer run time, low vibrations, and an extended motor life. Turbine fan engineering, inspired by advanced aeronautics technology, performs better than premium gas-powered models. The included tapered and spread nozzles make clearing debris in all conditions easy. This quiet, lightweight and compact blower gets the job done faster and quieter than gas! Experience Power Beyond Belief without the noise, fuss, or fumes.

- Turbo Button delivers a staggering 765 CFM
- Variable-speed control dial delivers 260-580 CFM
- High-Efficiency Brushless Motor
- Weather-Resistant Construction
- Includes tapered nozzle and spread nozzle
- Ergonomic design for superb balance and user comfort
- Compatible with all EGO 56V ARC Lithium batteries
