

# Milwaukee M18 & M12 Super Charger

RMW48-59-1811

## Details

The M18 & M12 Super Charger charges batteries up to 4X faster than standard Milwaukee chargers, massively reducing downtime and maximizing productivity. The charger accepts all M18 & M12 batteries, providing an upgrade for both M18 & M12 systems. M18 REDLITHIUM HIGH OUTPUT HD12.0 fully charges in only 1 hour. HIGH OUTPUT batteries are optimized for use with Super Charger, each built with premium components for superior charging capability. Featuring REDLINK Intelligence, the dual battery charger communicates directly with each battery to monitor cell voltage, temperature and charge status to optimize the performance and extend the life of the pack. The Super Charger identifies the fastest charge rate for each M18 or M12 battery pack inserted, adjusting to charge each in the shortest amount of time possible.

- 80% charge indicator: the charger slowly flashes green when the battery reaches 80% state of charge
- Charges batteries up to 4x faster
- Compatible with all M18 & M12 batteries
- Integrated hang holes
- Sequential charging: automatically charges the second inserted pack once the first pack is fully charged
- REDLINK Intelligence: Charger Communicates with the Battery Pack to Ensure Optimum Performance and Extend Life

## Specifications

Manufacturer	Milwaukee
Manufacturer's	48-59-1811
Model No
