

Milwaukee Spot/Flood Headlamp

RMW2104

Details

The Milwaukee Spot/Flood Headlamp offers versatile beam options in a compact, lightweight design. These battery-powered headlamps (3 AAA batteries included) deliver 450-Lumens of TRUEVIEW High Definition Output, 100M spot beam distance and a wide flood beam. The headlamp light gives you up to 25 hours of runtime with five light output modes to optimize runtime, beam type, and brightness. This light is ready for any application at a distance or up close. The MILWAUKEE headlamp includes four universal hard hat clips for a secure connection to all hardhats. This headlamp is IP54 rated for water and dust resistance and can withstand up to 2M drops, surviving the toughest conditions on and off the job site. The Milwaukee headlamp light is equipped with a soft, sweat absorbing microfiber strap and forehead pad that provides users with all day comfort when worn on a bare head. This headlamp allows you to direct the pivoting light head using seven adjustable positions. The spot/floodlight headlamp is covered by a limited lifetime warranty.

Please note: This product is restricted from air freight, and will only be shipped ground freight.
