

Milwaukee Redlithium Usb Pivoting Flashlight

RMW2113-21

Details

The Milwaukee REDLITHIUM USB Pivoting Flashlight offers high output in any task and any position. It's powered by REDLITHIUM USB, giving you high output light for any task from any position. The flashlight features spot and flood beam modes allowing you to change it from a high-powered flashlight to a versatile task light with the press of a button. With 500 lumens of TRUEVIEW High Definition Output and a 155-meter (377 feet) spot beam distance, it gives you the ability to search, trace, or inspect better from farther away. In flood mode, the LED flashlight's 110° pivoting light head and magnet base provides you with hands-free task light, while directing the light exactly where they need it. Maximize brightness or extend runtime with high and low flood mode options with up to 12 hours of runtime. Turn the flashlight into a right-angle light with a built-in pocket clip designed for chest pockets and straps. The REDLITHIUM USB Pivoting Flashlight is powered by the REDLITHIUM USB 3.0AH Battery, providing all-day run-time, more recharges, and 3x faster charge time. The Milwaukee REDLITHIUM USB Battery can be recharged in the flashlight via Micro USB or swapped out with additional REDLITHIUM USB Batteries for virtually no downtime. The Milwaukee REDLITHIUM USB Pivoting Flashlight is great for any trade professional looking for the ultimate lighting versatility and is covered by a limited lifetime warranty.

Please note: This product is restricted from air freight, and will only be shipped ground freight.
