

Air Force 19in Hover Mower Hi-Lift Kit - 3-3/4in HOC RAF1250

Details

Easy to mount, easy to clean, less parts to keep track of and a much better fit. Effectively raise the maximum height of cut from 2-1/2in to 3-3/4in with no loose parts on the kit and attaches and detaches in 30 seconds with no tools needed. The supports are built into the ring with no additional spacers. Designed with clip installation that stays attached to the ring to make putting on and taking off easy and fast. The fit is tight without interrupting air flow or reducing performance. The lift kit inner wall was raised to fit snug against the inner wall of the deck to fit secure under the mower and greatly reduce loss of air flow. HOC 2-3/4in - 3-3/4in lift. Fits Air Force F-19 and F-19 Gen 3 models.

Please note: Due to excessive air freight charges, this item will be shipped ground freight.
