

Corona Round Point Shovel - 48in Fiberglass Handle

RCSS30020

Details

Get the job done with this strong 14-gauge tempered steel blade shovel with sharpened edge. The round point allows for easy penetration of a variety of materials. Large, forward-turned steps for firmer footing. A textured epoxy finish protects the head against rust. Steel collar for strong connection. Non-slip cushion grip for comfort. 48in. fiberglass handle.
