

Tire - AT25 x 8-12 (6 Ply) Carlisle Black

Rock RCT560538

Details

Designed to balance ride quality with an aggressive inch tread depth, the Black Rock tire is built to handle any trail conditions while also providing a smooth ride.

- Asymmetrical tread design for stability
- Open lug design for reduced mud packing
- 3/4 inch tread depth
- Soft to intermediate surfaces/mud

.00-12
