

# EGO 56V G3 2P 5.0AH Battery with Fuel Gauge

REGBA2800T

## Details

The EGO 56V 5.0Ah ARC Lithium Battery uses industry-leading technology to deliver Power Beyond Belief. Its patented ARC Lithium design keeps the battery from overheating by pushing heat away so your equipment runs longer at full power. Its durable, shock-resistant design protects batteries from drops and the elements. Intelligent power management monitors and optimizes each individual battery cell to maximize power, performance, and runtime. This 5.0Ah battery features a fuel gauge with built-in indicator lights that show how much runtime is remaining in 20 percent increments. The 5.0Ah battery fully charges in 30 minutes with the EGO POWER+ Turbo Charger (CH7000), 40 minutes with the Rapid Charger (CH5500), 70 minutes with the 320W Charger (CH3200), and 100 minutes with the Standard Charger (CH2100). Two 5.0Ah batteries will fully charge in 80 minutes with the EGO Power+ Dual-Port Charger (CH2800D). With the industry's most advanced battery technology, every EGO tool delivers or exceeds the power and performance of gas without the noise, fuss, or fumes. Please note: This product is restricted from air freight and will only be shipped ground freight. Please note: This product is restricted from air freight, and will only be shipped ground freight.

- 56 Volt 5.0Ah Battery Using ARC Lithium Technology
- Compatible With All EGO Outdoor Power Equipment
- Keep Cool Battery Technology Keeps Each Cell Cool for Long Life and Extreme Conditions
- Power Management System Protects the Battery Pack From the Most Harmful Elements
- Integrated Fuel Gauge to Show How Much Time is Remaining
- Fast Charge Time
