

EGO Commercial Backpack Battery Includes Harness REGBAX1501

Details

When it comes to demanding jobs, the EGO POWER+ Commercial Backpack Battery delivers. Its power outputs and run time have the same power as 80% of the gas products currently in use. All minus the noise, fumes and vibration, of course. We tested this extremely tough and durable battery in all conditions, so it can handle the heaviest downpours and still power the tool. Plus, the super-robust casing is designed to take all knocks you can throw at it. Includes backpack harness. Please note: This product is restricted from air freight and will only be shipped ground freight.
