

Fimco Pull Behind Trailer Dry Material Spreader - 5 cu/ft

RFDMSTR12V50

Details

A large 5.0 cubic foot pull behind spreader using a variable-speed 12-Volt motor with on/off switch ideal for turf, parking lots, sidewalks and odd-shaped areas. Features a tough, corrosion-resistant 5.0 cu.ft. polyethylene hopper to keep dry material flowing and stainless steel radial six-blade spreading fan. Adjustable slide gate allows the control of the amount of material spread and can be open or closed with a simple turn of the on/off handle. Steel and powder coated frame and universal ATV mounting brackets. Spread width 5" to 45". Holds 220 lbs. of potash or 200 lbs. of urea. Includes spreader, VSC-10 Controller, wiring harness, mounting brackets and hardware. 5.0 cu.ft hopper.

- Poly Hopper
