

Compound - 16oz Pipe Joint

RG31235

Details

Oil-based compound lubricates and seals metal pipe and fittings to form leak-proof joints. It can be used on pipe systems carrying various liquids and gasses. Withstands liquid pressure up to 250 PSI. Suitable for use in temperatures ranging from 0 F to 350 F. Prevents rust and corrosion. Do not use for LP gas lines or on plastic pipe. Resists hardening and cracking.

Please note: This product is restricted from air freight, and will only be shipped ground freight.
