

Centrifugal Pump - 115V RG4360

Details

This powerful, non-submersible, 115 volt AC pump delivers peak performance whenever you need to pump water. Instant self-priming allows for immediate delivery or instant emergency dewatering. When electrical power is not readily available, its potent 12 volt DC pump is ready to work. Simple but safe battery hook-up allows for immediate pumping capabilities. Reverse the poles and reverse the flow direction. Garden hose inlet.
