

Rain Bird Pesbr Reclaimed Water Electric Valve 24VAC Scrubber - 1-1/2" NPT RGB33700

Details

Durable chlorine-resistant valves for reclaimed water irrigation applications. A true reclaimed water irrigation valve, able to handle chlorine and other chemicals found in reclaimed water systems. PESB-R Series valves offer long life and efficient, trouble-free performance - even in harsh reclaimed water applications. Constructed of heavy-duty, glass-filled nylon, these valves resist clogging and feature a patented scrubber to actively fight dirt, algae, and other particles from blocking the pilot flow.

Specifications

Manufacturer	Rain Bird
Box Quantity	8
Package Quantity	1
