

# Leemco Gate Valve - 3 x 3 Bell x Bell

RGLLMV-33BB

## Details

All mainline valves are resilient wedge and conform to AWWA C153 standards. Constructed of ductile iron with fusion-bonded epoxy coating on all interior and exterior surfaces, 12-14 mil thickness. The epoxy coating passes 90-Day immersion tests. Gate valves are available in spigot x bell and bell x bell models to mechanically connect to fittings or plastic pipe. Restraints have blunt cast serrations; no machined threaded restraints. Valves have a shroud around the 2" operating nut to accept IPS PVC sleeve which provides dirt-free access to actuate the valve.

## Specifications

|                         |          |
|-------------------------|----------|
| Manufacturer            | Leemco   |
| Manufacturer's Model No | LMV-33BB |
