

Rain Bird 200M Stainless Steel Screen

RGX14020

Details

A simple and reliable filter for low-volume irrigation systems. Simple to clean, as cap has a sealing O-ring and unthreads to provide access to the stainless steel filter element. Strong and reliable due to its robust design and glass-filled polypropylene construction. Male x Male threaded connections for direct connection to valves and pressure regulators. Replacement stainless steel elements are available in 200 mesh (75 micron).
