

Pruning Tool Sharpener

RHT50600

Details

Keep your hedge shears, pruning shears and loppers in prime condition with just a few easy pulls. This simple and easy to use, handheld sharpener uses a preset carbide blade to quickly put a smooth, sharp edge on your blade in just minutes. The durable plastic head with oversized handle allows for use of gloves and the large finger guard allows for safe and secure sharpening at all times. Includes a cleaning brush with wire bristles conveniently stored in the handle. Large safety guard.

- Durable head for easier sharpening
- Quickly sharpens head shears, pruning shears and loppers
- Cleaning brush with wire bristles stored in handle
- Oversized handle allows use with gloves
- Large safety guard
- Replaceable carbide blade
