

Steel Padlock - 1-3/16 in Keyed Different

RML70401

Details

1-3/4" wide solid steel, chrome-plated body and corrosion resistant materials stand up to the environment and offer maximum security against physical cutting, prying and picking. Boron alloy shackle for superior cut resistance; stainless steel ball bearings withstand prying attacks. Use for perimeter gates with hardened chain to protect valuable equipment. Keyed different.
