

Birdnet - 100' x 14'

RP2011

Details

Prevent birds from gaining entry to convenient roost and nesting areas on your property. This tough, nearly invisible netting keeps pigeons, starlings, blackbirds, sparrows, and other pest birds out once and for all. Allows light and moisture in. Lightweight, pliable, UV inhibitor. Hold BirdNet securely with heavy-duty plastic clips that snap around the net. 3/4" mesh. Covers 100' x 14'.

- Lightweight, tough and nearly invisible
- Prevents entry to convenient roosting/nesting areas
- Permits light and moisture
- Secures with plastic clips
- 3/4 in. mesh
