

# Wasp and Ant Killer

RP620-1569

## Details

Specially formulated for the commercial industry with fast knockdown power. This spray is very effective when dangerous insects threaten the safety of maintenance crews. The forceful shotgun spray pattern delivers a high percentage of the formula to the target site from a safe distance of 15 feet. It is effective against wasps, yellow jackets, hornets, bees, killer bees, ants, spiders and cockroaches. Does not harm ABS, Noryl, Polycarbonate and Polyethylene plastics or cause corrosion of noble metals. Dielectric strength of 47,300 Volts.

Please note: This product is restricted from air freight, and will only be shipped ground freight.

- Specially formulated for commercial use
