

Static Seed Slotter

RP7423

Details

Specially designed with a flat-bottomed slot that only reaches a depth of 1/2" (13mm approx), the Static Seed Slotter encourages grass seed to germinate more rapidly and allows moisture in the soil to be better absorbed, which helps develop stronger root growth. This static tool doubles as a tamper when seed slotter head is removed. Includes removable 6' fiberglass handle.

- Special flat-bottomed slot design
- Only penetrates 1/2"
- Encourages rapid germination
- Allows better moisture absorption
- Doubles as a tamper (with seed slotter head removed)
- Removable 6' fiberglass handle
