

Battery Tender Plus - 12V

R210128

Details

1.25 amp portable battery charger designed to fully charge a battery and maintain proper storage voltage without the damaging effects caused by trickle chargers. Automatically switches from charge to float charge mode. Charge as fast or faster than any 3 amp charger available. Ideal for mowers, tractors, cars, trucks (even diesel), boats, motorcycles, and everything on the golf course! This 12 volt charger weighs only 3 lbs. 5 year warranty. Includes quick connect harness for hard to reach areas.
