

Opti-Mizer - 4 Cycle Fuel - 1.4 oz - Box/48

R215

Details

Opti-Mizer Fuel Stabilizer with Valve Guard, protects a 4-cycle engine before, during and after operation for up to 24 months by preventing resin and gum from forming. The exclusive Valve Guard additive also lubricates valves and cylinder top ends. This provides extra fuel system and engine top end protection, along with easier engine starting. Add Opti-Mizer to your engine's fuel tank as well as, fuel cans and storage tanks.

- Use everywhere fuel is stored in cans or tanks
- Add to fuel of 4-cycle engines
- Protects entire fuel system up to 24 months
- Prevents resin and gum formation before, during and after operation
- Keeps fuel fresh
- Extends engine life
- Provides easy starting
- Extra corrosion protection
- 1.4 oz. pouch treats 1 to 2.5 gallons
