

Solo Handheld Sprayer - Professional -3

gal
RSL458

Details

A professional 3 gal. sprayer that will stand up to the toughest of jobs. Features include with a high-density polyethylene (HDPE) tank with ultra-violet inhibitors, Viton seals to provide durability and safety with chemicals, 72 in. nylon-reinforced hose for extended reach and a large piston pump to pressurize the sprayer faster. Automatic pressure relief valve releases pressure at 45 psi, or manually. Built-in inflation valve allows pressurizing sprayer using a compressor. Includes 28 in. unbreakable wand and commercial shut-off valve assembly. Four-nozzle assortment: Adjustable, Fan Spray, Hollow Cone, and Jet Stream. Accepts TeeJet-type nozzles. Easy filling and cleaning with 4.5 in. Commercial shut-off valve with lock on/lock-off feature to reduce user fatigue. Large base for added stability. Will not dent, crack or corrode.
