Complete Edge Pro-300

1	REP-300		Edge-Pro 300	1	4095.60	
---	---------	--	--------------	---	---------	--

Detail Description: The ultimate cart path edger! The Edge-Pro 300 mounts on most utility vehicles or sand trap rakes to edge a professional, manicured look on any formed concrete cart path or curbing in a fraction of the time it takes with traditional equipment. This new universal design allows mounting on either side for ease of operation. The heavy-duty 14" curved cutting disc follows the path of the curbing, installs quickly with only 4 bolts, then connects to the battery for power and you are ready to edge. One golf course operator can safely edge 18 holes in one day - just follow the path and the Edge-Pro delivers a perfect edge every time.:
