

Corona Razorooth Folding Saw - 10in

R CRS16150

Details

This 10in folding saw with 3-sided razor teeth, is ideal for cutting 5in - 6in dia. small to medium branches. Removes significantly more material per pull stroke than conventional blades and features up to 6 teeth per inch with curved blade design for faster cutting. The impulse hardened teeth provide long service extending the life of the tool, season after season. The folding blade is curved, taper-ground and replaceable. This easy to latch blade prevents injury when not in use. 10in blade.
